From the Cleveland Herald of March 28.

The orthography of the Worcester Dictionary is that used by most, if not all, authors of distinction in this country and England, and conforms to the general usage of ordinary writers and speakers.

Whatever prejudices may have existed previously, a careful study of this volume will invariably be followed by a warm appreciation of its great merits, and a desire to add it to the well selected library, be it large or small, It is a library in itself, and will remain an imperiable record of the learning of its compiler.

From the Cincinnati Commercial of April 20.

Here are upwards of a hundred thousand words—good, bad and indifferent—whose multifarious meanings and derivations, together with their correct spelling and pronunciation, are set clearly before the eye. The work is unquestionably the greatest Thesaurus of English Words ever published.

From the Cleveland Plaindealer of Sept. 20, 1860.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

SCROPULA AND SCROPULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-PECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be ound a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to distribute the control of conventions if not resisted to do rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the tiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is ob tructed and sluggish in the veins; cleanse i whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no asting health. Sooner or later somethi

must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparills, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsanavilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for elieving it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions
